PURPOSE

OUTLAW VOLLEYBALL CLUB exists for the benefit of those who wish to achieve excellence in the sport of volleyball, and promote interest in the sport at the local and national level. We believe that OVC teaches individuals to excel, promote competitiveness, family unity, and develops leadership skills that transcend athletics into every aspect of a member's life.

PHILOSOPHY

OUTLAW VOLLEYBALL CLUB has as its objective to be recognized as the finest volleyball organization in the nation. This can be accomplished by:

- Developing interest and encouraging participation in large numbers by conducting day camps and leagues for players at all levels.
- Developing highly competitive teams whereby recognitions is gained through winning.
- Encouraging and helping well-rounded, outstanding athletes to pursue higher education.

The OUTLAW VOLLEYBALL CLUB is beginning its twenty-ninth year as a Junior National Volleyball program in the Austin and Central Texas area for girls aged 12 through 18. The "Outlaw's will travel to tournaments that are attended by various college coaches of all levels of competition. The OVC creates recruiting brochures for each team as well as individual ones and we work daily with each athlete to find the best program that fits their needs. The OVC sends its coaching staff to the latest clinics to keep up with techniques taught at the highest level of competition.

Local Teams: This program is for the middle school athletes who are beginning to develop their skills and techniques in the sport of volleyball and requires a commitment of two practices a week of training and tournament play on Saturdays. Practice sessions will begin in January and will train through April. Teams will participate in about 6-7 one day tournaments. Approximate cost for this team is TBA.

Travel Teams: This program is the 1st and 2nd year non-varsity athlete (15 and 16 year olds) and requires a commitment of two practices a week of training and tournament play on Saturdays and some Sundays. Practice sessions will begin in January and will train through the Lone Star Regional tournament in May. Teams will participate in about 8 tournaments including the Lone Star Regionals. Approximate cost for this team is TBA.

Elite Teams: This program is for the nationally competitive and potential college level athletes (16, 17, and 18 year olds) and require a commitment of two practices a week of training and tournament play on Friday, Saturdays and Sundays. Athletes who have made the decision to play College Volleyball and are after an academic/athletic scholarship will want to be on this team. Practice sessions will begin in December and will train through the mid-April depending upon qualification. Teams will participate in about 8 tournaments mostly 2 and 3-day tournaments for college coaches to attend in including 2 Qualifiers and Regionals. Approximate cost for this team is TBA.

The Athlete's Fee will pay for everything involved with the athletes except for what they will eat at the tournaments. This means that all of the athletes' expenses for uniforms, USAV registration fees, entry fees for tournaments, and coaches' salaries are covered in the fee. The parents/guardians are responsible for travel to and from tournaments and any hotel expense if needed. The athlete fee is divided into monthly payments with the first one due starting in September 2020 so that uniforms, equipment, and entry fees can be taken care of. We are still waiting for final confirmation on the USAV club schedules for tournaments as they are still working on new policies.

All practices are on Monday and Wednesday nights at our new facility located at 301 Hoxie St, Coupland, Texas. We hope to move in December or January. There will be more information at tryouts.
